

Location: West of Village

County Landscape Character Area: Brade Valley

Viewpoint No. 2

Direction of View: North

**Description**

This is pleasant and tranquil countryside and an area of transition from large gardens and large houses. There are meadows with horse paddock and some loss of field structure due to removal of hedges. There are enclosed gardens with garden vegetation including feature pine trees on the higher ground.

Location and Form in Relation to Local Settlement Pattern

There is some historic settlement with large houses in large gardens developed along the main street. This is a nucleated village with a pub and post office and a small green.

Landscape Condition

Generally good. Well managed gardens. Grazed meadows and paddocks.

Most Appropriate Management Strategy

Conservation
Mature trees and hedges. Setting of historic houses.

Ability to Accommodate Change/stability of character/attributes vulnerable to change and which are irreplaceable.

Low / Moderate capacity. This is limited to infill in the less sensitive plots. Development would not be acceptable beyond the development boundary.

Visual appraisal

Key Visual Receptors
Houses, Footpaths and ACNS landscape. A21.
Types of view
Longer from higher ground.
Visual barriers
Trees and hedges.

Scope to mitigate visual intrusion

Moderate – Low. Some scope to strengthen village edge.
