Site of Special Scientific Interest
Dungeness, Romney Marsh and Rye Bay
East Sussex, Kent
Date Notified: 16 August 2006
Site of Special Scientific Interest
9137.06 Hectares
Map Index
NOTE:
This is a notification map.
The boundary shown is derived from larger scale mapping (Ordnance Survey Mastermap) and may not match the background detail on this map.
The site excludes permanent structures such as buildings, roads, bridges, culverts, slipways, jetties and houseboat
However, the site does include any exposed bankside, intertidal, subtidal or other wetland habitats, and surface or
buried shingle, sand, peat or other soils, beneath the aforementioned structures.
